

Blackboard

Blackboard Mobile Apps

Blackboard Learn Mobile App

The Blackboard Learn app is primarily focused on student use, providing students and educators access to their courses, content and organizations.

Application and Features Summary:

- Mobile Tests
- Push Notifications
- Announcements
- Grades
- Discussions
- Content
- Blogs
- Journals

Tips for Faculty:

- [Download our Best Practices for building Mobile-Friendly courses in Blackboard Learn](#)
- [Read our Faculty Guide to Mobile Tests](#)

Blackboard Grader

This is an iPad only app, which allows faculty to easily grade assignments, discussion board and other content within Blackboard courses.

Can't log in?

If you are unable to log in to these apps, it may mean that you need to first sign into courses.smumn.edu and then open the app and try logging in again.
