

Network Folders & Resources

How to connect to network storage from a Mac.

To connect a Mac to SMUMN network storage please do the following steps:

Click "Go" on the Apple Menu at the top of the screen

Click "Connect to Server..."

Type in: smb://smumn.edu/shares See list below

Click "Connect"

Enter your SMUMN username and password

Click "Connect"

*** Make sure you **disconnect** the network drive if using a shared/public computer.

* Various "Drive" names for Connecting to SMUMN Network Storage:

Department Network Storage (K Drive): smb://smumn.edu/shares

Course Materials Drive (academic course information): smb://smumn.edu/shares

Personal Network Storage (U drive): smb://neo/username\$

Department Webpages: smb://landini/deptmntl

*** Again make sure you disconnect the network drive if using a shared/public computer.
