

Students

1) Overview SMUMN Systems & Resources for Students

SMU Systems Overview

Blackboard:

- Blackboard is an Online Learning Management System.
- Access your courses and online materials.
- Clubs & Organizations also have online resources on Blackboard

Tegrity:

- Tegrity is our cloud-based class recording system and it is accessible through Blackboard for courses and organizations. Recording can take place in preconfigured classrooms or on a computer with a web camera and microphone.
- Winona Campus: 54 multimedia classrooms are setup for recording with Tegrity.
- Twin Cities Campus: LaSalle Hall 208 is setup with audio and video capture capabilities.
- If your instructor uses Tegrity you will be able to access recorded classes on Blackboard for review outside of classtime!

Student Portal:

- Reset SMUMN passwords
- View Semester Grades
- Register for Classes
- Register for Housing
- Update Personal Information
- Pay Tuition
- View Unofficial Transcripts
- ...and much more!

Gmail:

- Official SMU email is provided through a Google email service.

SMU Network Storage:

- **Google Drive (available through Google Apps for Education) offers UNLIMITED storage space online. This is a very secure and convenient option for file storage and sharing. Learn more in the "Google Apps" help section.**
