

# Google Calendar

## 5) Privacy & Sharing Settings for Calendars

Google gives you the ability to control the visibility of your calendars within your organization. Please note that the follow directions must be followed for each individual calendar on your account. See below for more information on Privacy and Sharing Google Calendars.

- Who can see my events? [Default Event Visibility - Default Calendar](#)
- [Sharing Settings in Google Calendar](#)
- [Visibility & Sharing Settings in Google Calendar \(video tutorial\)](#)

Unique solution ID: #1421
