Elevate by Espial

How do I connect to Elevate by Espial on my Amazon Device?

Elevate by Espial is an app that is used to connect to Cable TV via WiFi. Scroll below, and follow the step by step instructions to get connected to the app. If you require further help, call the HelpDesk at x7800, or email us at helpdesk@smumn.edu.

**Note: Elevate by Espial does NOT function on laptops or desktop computers.
