

Panopto

Panopto Faculty Instructions

Panopto is a video content platform that centralizes video creation and sharing across all faculty, staff, and students. With Panopto, you can:

- Create, edit, store, and share your own videos.
- Upload videos from other sources and edit, store, and share them.
- Keep your videos in your personal Panopto folder as long as you want while you are with SMUMN.
- Provide access and tools for all students and faculty to produce their own sophisticated presentations.

To get started with Panopto:

Navigate to <https://smumn.hosted.panopto.com/> and log in with your Blackboard credentials to access your own Panopto folder hosted by Saint Mary's University. If this is your first time accessing your Panopto folder, follow the prompts to create your account.
